

810 Series

Dental Film Processors

There are over 60,000 Dent-X 810 automatic processors installed worldwide, spanning over 20 years of high quality film processing. Each of the three processor models share some of the same popular characteristics:

- *Time-tested and proven engineering*
- *Accommodates all film sizes from pedo to cephalometric*
- *Modular design providing easy access for cleaning and maintenance*
- *Dent-X backed warranty and support for your assurance of continued quality*

810 Plus-AR

- *Easy-to-use and fully automatic*
- *Chemical replenishment is built-in to ensure consistent film quality*
- *All processing parameters are controlled automatically*

810 Plus

- *Same as 810 Plus-AR, but without built-in chemical replenishment*
- *Higher value than comparable models*

810 Basic

- *The innovator of the 810 automatic processor line, the Basic is attractively priced and time-tested with proven reliability and durability for over 25 years*
